In Re: Special Use Permit – Dominion Virginia Energy, Tower  
Mr. Fowler stated the County has received a special use permit application for the construction of an unmanned microwave tower to serve as part of the telecommunications network for Dominion Energy Virginia. The proposed tower will be located at 341 Merriman Shop Road on a parcel owned by Virginia
Electric and Power Company, identified as Tax Map 043-A-37, Prince Edward, Virginia. This is in an A1, Agricultural Conservation District.

The tower will be a 235’ in height and will be lighted as required by the FAA with one top flashing beacon and flashing side beacons at the tower’s midpoint. The tower will be located within the existing fenced Pamplin substation.

Dominion Virginia Energy will provide the County co-location opportunities without compensation for emergency services equipment. There is an existing tower located adjacent to the property and due to security reasons is not suitable for Dominion Energy to collocate on. The proposed tower will be for Dominion Energy's communication network to monitor, control and ensure the security and safety of the substation. The property is presently zoned A1, Agricultural Conservation, and this zoning classification permits towers with related unmanned equipment buildings by Special Use Permit.

The Board of Zoning Appeals conducted a Public Hearing on April 30, 2019 at 10:00 a.m. to receive citizen input prior to considering action for granting a variance from Section 3-100 (C)3 of the Prince Edward County Zoning Ordinance which restricts the height of towers to no greater than 199 feet in height.

Mr. Fowler stated staff does not have any concerns of negative impacts on the surrounding properties associated with the request. There was no opposition during the BZA Public Hearing.

John Mulligan, Dominion Energy Virginia representative, explained the microwave tower is used for the substations to communicate with one another. The height will be 230’ plus a four-foot lightning rod, which brings it to 234’. It must have line-of-sight with the existing tower, which is the reasoning for the height. It will be outside of the substation in a separate enclosed fenced area; he presented the site plan. He stated there is another tower nearby but Dominion does not like to collocate on towers because they cannot control who has access to the tower and cannot afford the risk of someone interfering in the communications on the transmission grid. He said it would be exclusively Dominion Energy Virginia except for the County to collocate their emergency communication system, but no private entities.

Chairman Prengaman opened the public hearing.

There being no one wishing to speak, Chairman Prengaman closed the public hearing.

Commissioner Jones made a motion, seconded by Commissioner Hunt, to recommend approval for the Special Use Permit application from Dominion Energy Virginia to construct an unmanned microwave tower; the motion carried:

Issue:              Special Use Permit-Joe Byler

Summary:

The County has received a special use permit application to permit the operation of a Firewood Processing operation located at 419 Singleton Road, on tax map parcel 74-A-2 owned by Joe S. Byler.

The proposed facility will process and dry firewood to be wholesaled to a third party operation for sale. The proposed operation will be a family run operation that will include Mr. Byler and his three sons and operate from 7 a.m. to 6 p.m. Monday-Friday and Saturday 6 a.m. to 12 Noon.

The proposed operation will be located within a 40' X 104' building and utilize a diesel operated machine and associated equipment and generate three tractor trailer loads a week.

Staff went out to the property on May 16, 2019 at 10 a.m. and measured the sound levels of the equipment from various locations and offer the following information:

- Front of the property at the driveway 36.7 db
- Darlington Heights Fire Department (BBQ Pitt) 42.7 db (Only could hear the lawnmower across the road)
- (Approximately 300' across the road grass was being cut and registered 58.4 db)
- Prince Edward County Convenience Center entrance located on Singleton Road 35.6 db
- Forty feet off of Singleton Road on the Hall property located across from the location 35.2 db
- Approximately 40 feet from equipment 60.1 db
- Two feet from the equipment 84.5 db

For comparison normal conversation is 60 db while a lawnmower is approximately 90 db. During the inspection staff did not observe any loud sound from the equipment from the adjacent properties.

RE: Special Use Permit Application for 419 Singleton Road

To Whom It May Concern:

The Prince Edward County Planning Commission has scheduled a Public Hearing on Tuesday, June 18, 2019, at 7:00 p.m. to consider a Special Use Permit Application by Joe Byler. The Planning Commission meeting will be held in the Board Room on the Third Floor of the Prince Edward County Courthouse. A public hearing gives the Planning Commission the opportunity to gather citizen input prior to considering the special use request.

Mr. Byler has requested permission to operate a Firewood Processing operation that will process and dry firewood to be wholesaled to a third-party operation for sale. The proposed facility will be a family run operation and be operated by Mr. Byler and his three sons and will operate Monday-Friday from 7:00 am to 6:00 pm and Saturday from 6 to 12 noon.

The proposed operation will be located within a 40’x 104” building and utilize a diesel-powered machine to cut and split the wood along with other associated equipment and is expected to generate two to three tractor trailer loads a week.

The property is located on Tax Map Parcels 74-A-2 owned by Joe S. Byler. This is an A1, Agricultural Conservation District and the use is allowed by Special Use Permit.

You are receiving this notice because you own land adjacent to this parcel. The Special Use Permit application is available for review in the Prince Edward County Department of Planning and Community Development and on the county web page at www.co.prince-edward.va.us. If you have any questions about this meeting or the permit application, I encourage you to contact me by calling 434-392-8837 or electronically at rflowler@co.prince-edward.va.us

Sincerely,
