

## Prince Edward County/ Farmville Housing Needs Survey

The Prince Edward Affordable Housing Coalition is a broad group of Town and County residents who believe that all families and individuals who call this area home should be able to have safe and secure housing that they can afford. We believe that stable housing is the foundation that enables individuals and families to thrive and that allows children to develop to their fullest potential. We are working to understand housing needs in the region and develop recommendations to increase the supply of high-quality homes that are affordable to all of our neighbors in the County and Town. Please help us by completing this survey.
