2. Relocation/underground of Landfill Power Lines
3. Presentation of the Prince Edward County Fire & EMS Study conducted by the Virginia Fire Services Board

Sarah Puckett

Trey Pyle

ADJOURN

Board of Supervisors Agenda Summary

Meeting Date: September 29, 2026
Item #: 2
Department: Solid Waste
Staff Contact: Jeffrey L. Jones/Sarah Elam Puckett
Agenda Item: Authorization to Proceed—Relocation/Underground of Landfill Power Line

Summary: Attached for the Board's consideration is an invoice from Dominion Energy in the amount of \$38,303.54 to relocate the main electrical service serving the County Landfill. Solid Waste General Manager, Jeff Jones has been working with LaBella and Dominion Energy since the spring to develop a plan to move the existing electrical infrastructure from the interior of the landfill to the northern perimeter.

As the Board is aware, the next operational expansion of the landfill will be accomplished by "filling the valleys" of the current closed cells. This will include the area between Cells A,B,C,D and the 1997 cell and also between the 1997 and the pre-1988 cell.

Relocating the electrical service now will:

1. Support construction of the new scalehouse and associated main entrance road improvements; and
2. Move the electrical infrastructure out of areas needed for current and future landfill operations and expansions.

Noted on the attached map:

X	Current poles from which power lines will be removed. The power poles will be left standing for county staff to take down and re-use.
O	Point from which power will begin to be run underground.
—	New location of underground power line.
	New overhead power poles/line.

Board approval tonight will allow Dominion to schedule the work and enable the electrical relocation to be coordinated with the construction of the new scalehouse/entrance improvements.

No additional funding is required. Sufficient funding is available in the Landfill Construction Fund.

ATTACHMENT: Dominion Construction Quote
Landfill Map

SAMPLE MOTION: I move that the Board authorize the Dominion Energy electrical relocation project and appropriate \$38,303.54 from the Landfill Construction Fund.

Board of Supervisors Agenda Summary

Meeting Date: September 29, 2026
Item #: 3
Department: Public Safety
Staff Contact: Trey Pyle
Agenda Item: Virginia Fires Services Board – County Fire and EMS

Summary: The Virginia Fire Services Board will present the Prince Edward County Fire and EMS Study to the Board of Supervisors. The Study provides an independent assessment of the County's Fire and EMS system and includes recommendations for strengthening the delivery of emergency services. The Virginia Fire Services Board approved the final study at its September 25 meeting in Lynchburg, Virginia.

Following tonight's Board meeting, the attached report will be posted publicly on the Virginia Department of Fire Programs' website.

Representatives of the Virginia Fire Services Board and Department of Fire Programs will attend tonight's meeting to present the study and answer questions from the Board.

ATTACHMENT: Prince Edward County Fire and EMS Study (handout)

SAMPLE MOTION: I move that the Board, (1) extend its sincere appreciation to the members and staff of the Virginia Fire Services Board and the staff of the Department of Fire Programs for their assistance in conducting the Prince Edward County Fire and EMS Study; and (2) direct the Board's Public Safety Committee to review the Study in conjunction with the County's Fire and EMS agencies, and return to the Board with recommended priorities and action items for enhancing public safety in Prince Edward County.
